ABOUT BLOOM365

At bloom365 our mission is to educate, advocate and activate to prevent domestic/sexual/teen dating violence. Through a 7-Dose education curriculum, Gen Z centered victim advocacy services, interventions for young people causing harm, and the training of trusted adult allies, we aim to meet our vision to uproot abuse in a generation. Our name is our promise: Bring Love On Others More, 365 Days A Year. Prior to COVID-19, bloom365 Advocates educated over 300 students a week in high schools across Maricopa County on healthy v. unhealthy relationships. For students witnessing or experiencing verbal, emotional, physical or sexual abuse at home, in a dating relationship, among peers or online, school is often their only safe place to connect with a bloom365 advocate, a trusted adult, a supportive friend and other resources. As many schools plan to welcome students back virtually, bloom365 is in need of financial support to build our capacity to provide 30 partner schools with access to a dedicated, virtual youth victim advocate. The virtual advocate will provide support to students with navigating domestic/sexual/teen dating violence, which will help alleviate the strain on school counselors. Our virtual services include: education, peer support, crisis counseling, safety planning, listening, and case management via individual Tele-Advocacy sessions, Text/Chatline help, and Peer Support Groups. Our goal is to ensure teens impacted by domestic/sexual/teen dating violence have access to resources to increase safety, healing, and well-being.
